

## Dream – The Kingdom of God

I dreamt about the Kingdom of God on earth (rule, reign and authority). I was driving with a pastor I know up a mountain. We got to the entrance of the Kingdom. It was built against a cliff. We stopped right at the top. The top part of the "castle" of the Kingdom was a kiddies jumping castle and a child was playing on it (You need childlike faith to enter the Kingdom of God).

I asked the child where his Daddy was and he laughed and ran inside leading the way. As I came inside I was standing on a balcony overlooking the valley below. The Kingdom was built in a terrace sloping downwards, each a room with a view and balcony.

I looked around and saw everything was lush and green, just lush and green beautiful forests all around me as I looked (blessings, new growth, health, Spiritual growth was all I saw)

We walked down and out and onto the beach (in between the bride of Christ, the Spiritual seed of Abraham, like sand on the shore) and we got to the shore of the ocean (masses of unsaved of the world). Two big sharks (demons) came straight for us and leaped ashore (attacked the body of Christ) startling me but as they opened their mouths I saw they had no teeth and their gums was so soft that even little baby hairs grew out of it. (they had no bite, the demons have no authority against us and can do nothing to us) .

The pastor that was with me in the dream (believe he represented Holy Spirit or an angelic messenger) was sitting with a notebook and then he clearly said "This is what Smith Wigglesworth said, the sharks have no teeth" (statements proclaiming that the demons have no power over us) . The one shark laughed because he found it funny that I was startled by a toothless shark and said that it was true that he cant bite me (he has no power over me)..

End of dream..

The sharks get teeth when we give them power over us through fear, sin, compromise and un-forgiveness. If we don't do those things and keep repenting of any sin as soon as it happens he sharks will never have teeth. Praise the Lord.

May this sink in and become a reality to you in Jesus name.
