

Movement in the Body

There is a movement in the Body of Christ back to the Light.

There was a season of religiosity but also a season of childishness and flesh and both will come to an end.

My children are tired of games and rules and manmade regulations, they need the reality of Christ and of My love and of the Holy Spirit's guidance and that season is upon you now.

Watch warrior as I use you and others to bring the Body into maturity and in line with My Spirit. Great things to come, season of miracles and changes and revelation of the person of Christ's love and reality to a tired and bored and distracted church.

You just stay faithful and teachable and in My presence and watch Me move.

You don't have to figure out anything, you will see Me do it and just copy Me child.

Child like faith, solid dedication and absolute obedience, that is the key!
